# Irish Chain sashes: double, triple & quin

ALL of these are able to be placed with the p2p function on a Statler Stitcher.
Builders are p2p patterns, will sew continuously, needing 2 passes to complete – but you travel further with fewer start/finishes.
REMEMBER: count how wide the chains are <u>AND</u> count the number of squares around the feature centre area
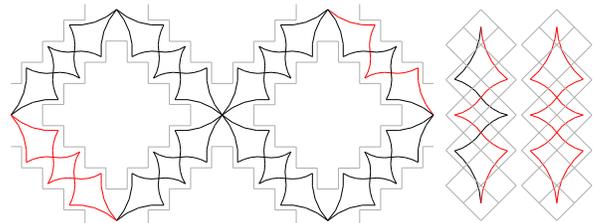

Loops sash c p2psu *x2 to x6*
Loops builder c p2p *x3 to x9 odd #s*
*use x3 for Dbl Irish Chain*
